All deliveries take place under relevant European legislation. The goods are delivered in accordance with our general terms of delivery, as listed on the back of every invoice, mentioned on our website and filed at the Dutch Chamber of Commerce under no. 96/005. With regard to inspection of the goods, we refer to article 10 of these conditions and the following passage.

In accordance with Article 10 of the terms of delivery, the buyer must inspect the goods as soon as possible after delivery to check if there are any abnormalities or defects. In case the buyer has unpacked the goods, thawed, or otherwise further processed, Seafood Connection B.V. can no longer be held liable for defects and/or deviations.

Since raw (unprocessed, fresh or frozen) fish still have to undergo a preparation or heating step, there are no legal microbiological standards for these products, as mentioned in EU Regulation (No 2073/2005) of the European Commission. The microbiological values listed in the product specification only serve as indicators of the quality and cannot be used as a legal basis for rejection of the delivered products.

In case of deviations, a microbiological or chemical research must be performed on a minimum of 5 random chosen samples. Value m represents the level which could be reached under optimum conditions for this product.

In case a sample will be taken for analysis by authorized authorities, the goods have to remain in the original packaging and the outcome of the analysis has to be awaited.
